## Pick Up Day (Please Circle) : **TUESDAY or THURSDAY**

## ● SHARE INFORMATION

We are starting another season of produce shares this June (exact dates to be determined). It's a great way to support local farmers, eat delicious, fresh and healthy food, and save time. Our produce share combines both vegetables and fruits in weekly pick-ups, and offers a full or partial size option.

Vegetables will include lettuces, onions, beans, beets, cucumbers, peppers, tomatoes, sweet corn, kale, carrots, summer & winter squash, potatoes, root veggies, Brussels sprouts and more, based on what is being harvested.

Fruit will lead off with juicy strawberries in June and then progress to cherries, blueberries, raspberries, melons, peaches, apricots, plums, pears, apples, grapes and more, from our Niagara & Erie County farmers.

The produce is a mix of conventional, low spray, no spray and when possible, organic vegetables and fruits. Many of the farmers follow Cornell's IPM guidelines. (Integrated Pest Management promotes safe, least-toxic solutions to minimize insects, plan diseases, weeds and pesticide problems.)

### Full Produce Share (June - October) - 20 Weeks

Beginning in early/mid June, you will receive a weekly assortment of 6-8 fresh picked local vegetables and 2-3 fruits, serving 3-4 people.

Price: \$640 for 20 weeks (\$32/wk)

### Partial Produce Share (June - October) - 20 Weeks

The partial share will include 4-6 vegetables and 1-2 fruits per week, serving 1-2 people.

Price: \$440 for 20 weeks (\$22/wk)

#### Terms & Conditions

- A deposit of 50% is required at sign up to secure your share(s). Balance is due by May 15, 2026.
- Share pick-up day will be Tuesdays or Thursdays from 8am to 6pm. Please choose one day. If you are unable to pick up your share, you may designate someone else to pick it up for you. Due to storage limitations and perishable nature of the produce, if you miss a week, you will forfeit that week's share.
- All efforts will be made to offer a variety of weekly produce, however adverse seasonal weather and harvesting issues may require substitutions and adjustments.
- Weekly newsletters will be sent with detailed share contents and additional information.

I agree to the terms and conditions.
