## Share Information

We are excited to partner with Bootleg Bucha – a Buffalo-based kombucha brewery – to bring you our kombucha share program. Kombucha is a fermented tea that is known for its healing properties. Bootleg Bucha uses a special blend of green and black teas in their kombucha. There are many benefits to drinking kombucha including digestive – it is good for ulcers, heartburn, and overall digestion due to beneficial bacteria from probiotics; joint care – kombucha contains Glucosamine which increases synovial hyaluronic acid production which is responsible for the lubrication and flexibility in joints; detoxification – Glucuronic acid is beneficial to the liver, it binds toxins and helps excrete them; and energy– includes B vitamins that increase energy, while acetic acid and polyphenols boost the metabolism.

Daily intake of kombucha is recommended to begin at 6-8 oz. per day, either in the morning or after a meal throughout your day. As you begin to enjoy the detoxifying benefits of kombucha, it is recommended you drink plenty of water to help flush your system. One of the great features of this beverage is that it not only has fantastic health benefits but tastes amazing too!

The share will consist of 10- 32oz kombucha fill-ups, you will not be required to pick up weekly as with past shares. Want one every other week, or twice a week? Just bring your bottle in and we will fill you up, as often you need! Please make sure you bring your clean bottle with you for each fill. If you would like more than one bottle at a time, feel free to bring in multiple bottles for fill, or purchase additional bottles/ growlers for \$2 (32oz.) or \$5 (64oz.). Just note that each 32oz fill will count towards the 10 total pick-ups. (For example, if on one visit you fill your 32oz. bottle and also a 64 oz. growler that would count as 3 fills). The kegerator will offer 4 different flavors to choose from. You can expect a variety of refreshing and delicious, seasonal flavors such as Blueberry Lavender, Tart Cherry Mint, Hibiscus Lime, Ginger, Apple Spice, Ginger Lime Cayenne, Pina Colada, Citra Hop, Pomegranate and more!

Kombucha Share	Price for 13 weeks	Qt	Amount
1 Kombucha Share	\$72 (32 oz. per week / \$7.20 per bottle -plus tax)		

Pick up as often as you would like. Please make sure you bring your clean bottle with you for each fill. If you forget your bottle you can purchase another for \$2.

Once you have hit 10 fills you can sign up for a new share. It's the same great share discount but on your own schedule!
