USDA Reminds Producers of Disaster Program Deadlines

LITTLE ROCK Arkansas, November 14, 2018 – U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) State Executive Director David Curtis reminds Arkansas producers who experienced losses from natural disasters during the 2017 and 2018 calendar years that they may be eligible for assistance through the Tree Assistance Program (TAP), Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP) and Livestock Indemnity Program (LIP).

“We want to ensure that all eligible agricultural producers who experienced losses from natural disasters get the assistance they need,” said Curtis.

Tree Assistance Program (TAP):

TAP provides financial assistance to qualifying orchardists and nursery tree growers to replant or rehabilitate eligible trees, bushes and vines lost due to natural disasters. Payment eligibility is triggered when a mortality loss in excess of 15 percent on a stand (adjusted for normal mortality) occurs due to natural disaster.

In addition, up to \$15 million is available to eligible pecan orchardists or pecan nursery tree growers for certain mortality losses incurred during 2017. To be eligible, the grower must have suffered a mortality loss on a stand in excess of 7.5 percent, but less than 15 percent, adjusted for normal mortality from Jan. 1, 2017, through Dec. 31, 2017.

For 2017 and 2018 TAP losses, and 2017 Pecan TAP losses, growers have until the later of Dec. 3, 2018, or 90 calendar days after the disaster event or date when the loss of trees becomes apparent to submit an application with supporting documentation.

Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP):

ELAP provides emergency assistance to eligible producers of livestock, honeybees and farm-raised fish who have suffered losses due to an adverse weather or loss condition, including blizzards, disease, water shortages and wildfires. ELAP assistance is provided for losses not covered by other disaster assistance programs.

For 2017 and 2018 ELAP, producers must file a notice of loss and application for payment at their local FSA office by Dec. 3, 2018, for losses occurring from Oct. 1, 2016, through Sept. 30, 2018.

Livestock Indemnity Program (LIP):

LIP provides compensation to eligible livestock owners or contract growers for livestock deaths in excess of normal mortality, or injury resulting in reduced value, caused by an eligible loss condition.

For 2017 and 2018 LIP, a livestock owner or contract grower must file a notice of loss the later of 30 calendar days from when the loss of livestock is first apparent, or Dec. 3, 2018. For 2017 losses, a livestock owner or contract grower must file an application for payment by Dec. 3, 2018. For 2018 losses, a livestock owner or contract grower must file an application for payment by, March 1, 2019.

Other Amendments to the 2014 Farm Bill by the Bipartisan Budget Act of 2018

“In February, the Bipartisan Budget Act of 2018 made several changes to FSA disaster programs,” Curtis said. “This includes eliminating the \$20 million fiscal year funding cap for ELAP, eliminating the \$125,000 payment limitation for LIP for 2017 and future years and allowing producers to receive a payment for injured livestock that are sold for a reduced price due to an eligible event.”

As a result of these changes, starting June 4, producers were allowed to submit ELAP, LIP and LFP applications for 2017 losses if they reached the payment limitation under the previous rules. The application periods for these programs for the 2017 program year will close on Dec. 3, 2018. Producers who already submitted applications and received decisions on their applications for these years do not need to file again but can reapply if they have additional losses or their application or notice of loss was denied because it was late filed.

Contact your local FSA office for program deadlines. For more information on FSA disaster assistance programs or to find your local USDA Service Center, visit <https://www.farmers.gov/>.
