Emphasis: To acknowledge that Jesus loves us and because of His great love for us, we can love others.

Schedule: Determined by your child's teacher as to what works best with their curriculum for the day. Children will exchange valentines with their classmates on their specified day. There will be no special treat or activity provided by the school.

Reminder: Send a snack and a lunch with your child, as normal.

Volunteers: School-wide, there are no volunteers needed for this event.

Valentine Activity: Each child should bring enough Valentines to pass out to each classmate. The children should only sign their names in the "from" section of the

Valentine—*please do not attempt to address them to any particular student.* Also, many times parents like to bring an extra treat/prize/token for the children in the class. As a **reminder**, please bring only **non-edible items** to be sent home with the children, in accordance with our policies. *Edible items will not be sent home.* If you decide to send a card and a small prize/token, please put all items in a Ziploc baggie or a Valentine treat bag and seal it. Thank you.
