

Lung Cancer Webinar Series

January 26, 2022

6:00pm- PST

Description:

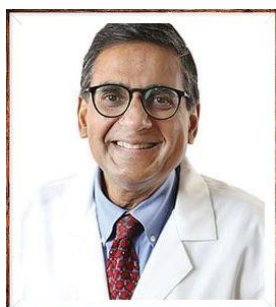

A lively discussion on the management of metastatic EGFR mutated non-small cell lung cancer. This will be a great opportunity to learn from key opinion leaders and network with colleagues.

Benefits of Attending:

- Submit questions and cases for discussion with KOL's in the field;
- Hear the latest clinical trial data and apply it to your patients; and
- Consider real-world scenarios and how to mitigate barriers to treatment.

Hatim Husain, M.D.
University of California San Diego

Ravi Salgia, M.D.
City of Hope

Jonathan Goldman, M.D.
University of California Los Angeles

Target Audience:

This educational activity is directed toward medical oncologists, nurses, nurse practitioners, physician assistants, and other professionals with an interest in hematology/oncology.
