SAFETY PRECAUTIONS/PERSONAL ACCOUNTABILITY COMMITMENT

Physicians' Education Resource's ("PER's") top priority is the safety and security of our attendees, faculty, staff, and operational personnel. As we develop the programming for the 19th Annual Winter Lung Cancer Conference®, PER® is working diligently to implement health and safety protocols based on the advice of health experts and the latest guidelines and local regulations to mitigate the risk of exposure to COVID-19 and to optimize health and safety conditions for attendees during the event. Despite the protocols we have put in place, no precautions can completely eliminate the risk of exposure to COVID-19 or other airborne illness. Attendance at any public event increases the risk of contracting COVID-19 and other airborne illness. Attendees assume all risk associated with attendance. Any attendees who test positive for COVID-19 within 14 days of the event, or feel ill, regardless of their symptoms, should not attend this event. Personal Accountability Commitment: By attending this PER® program, you agree to abide by and engage in certain health- and safety-beneficial conduct during the event.
