22nd Annual  
**International  
Lung Cancer  
CONGRESS®**

**JULY 29-31, 2021**

Hyatt Regency Huntington Beach • Huntington Beach, CA

The 22nd Annual International Lung Cancer Congress® will distill the latest data on targeted agents, immunotherapy, surgery, and radiation oncology to provide you with current and practical information on the management of patients with lung cancer. Cutting-edge lectures and extended panel discussions, along with multidisciplinary tumor boards and interactive question-and-answer sessions, will provide a unique opportunity for participants to engage with the experts as they share their perspectives in lung cancer management.

**BENEFITS OF ATTENDING**

- Get perspectives from a diverse, international, and multidisciplinary faculty as they discuss and debate current and emerging standards in lung cancer management
- Learn from multidisciplinary case-based tumor board discussions, spanning early-stage, locally advanced, and metastatic disease
- Dig into hot topics in molecular testing, with session moderators Maria E. Arcila, MD, and Solange Peters, MD, PhD
