

COMMERCIAL WALK-THROUGH ENERGY ASSESSMENT

YOU'VE GOT THE POWER TO SAVE

SaskPower has partnered with Natural Resources Canada to offer no-cost energy efficiency assessments until March 31st

Our qualified advisors will work with you to identify a variety of ways your business can save energy and money.

Eligibility

To be eligible for a no-cost Walk-through Energy Assessment, participants must:

- Have not been self-generating their own electricity for the purpose of partially or fully;
- Have not received a Walk-through Energy Assessment in the previous 3 years;
- Have not received funding from the provincial or federal governments for renewable or energy efficiency projects in the past 3 years; and
 - Not use power primarily for manufacturing.

What You Will Receive

- An assessment of your building completed by an energy expert.
- A detailed report on the power consumption of your facility.
- A comparison of your consumption vs. similar facilities.
- A list of the low cost and higher investment opportunities for you to save.

Benefits

- Money saving recommendations.
- Learn from an energy efficiency expert.
- Understand how and where your facility consumes energy.
- Learn about no-cost and low-cost ways to improve your efficiency.

How To Apply

1. Fill out and submit the application form along with 14 months of your most recent natural gas bills.
2. We will contact you to confirm we received your application and discuss your eligibility.
3. SaskPower has partnered with Natural Resources Canada to provide no-cost Walk-through Energy Assessments so the application fee will be waived while funding remains available.
