HOW TO TAKE YOUR MEASUREMENTS:

Measurements are to be taken wearing the relevant nomex/sports underwear that is to be worn under the suit. The measurements are to be taken precisely, making sure the tape has no slack in it, do not add extra centimeters to the measurements. Kart Suits - If you wear a rib protector under the suit please take the measurements with this on.

TORQ SUIT FITMENT:

Regular Fit - a looser type fit

Professional - a slimmer fit without compromising on comfort and movement in the car or kart
