

Artista

Rock School

Bringing Community
to Music

WE WANT YOU TO ROCK OUT

Artista Rock School in downtown Logan, Ohio, fosters the love of music and technical musical expertise for our students (ages 8 to 18) with private one-on-one music lessons and weekly group lessons.

Artista is an outlet for creative exploration of singing, playing an instrument, songwriting and all other skills needed for producing professional performances.

Team members will combine their talents to share new music with community audiences made up of families, friends, locals, and tourists. Artista Rock School incubates creative ideas in music and performance and provides a safe, supportive space to develop those ideas.
