The Cardiopulmonary Resuscitation (CPR) and First Aid program is designed for anyone with limited or no medical training in need of CPR/First Aid certification.

Students will learn single-rescuer and team basic life support skills for adults, children and infants. You will be trained to recognize life-threatening emergencies, perform proper first aid in an emergency, provide high-quality chest compressions, deliver appropriate ventilation and the proper use of an Automated External Defibrillator (AED).

Upon successful completion of this program, students will have the opportunity to earn their CPR and First Aid certification through the American Safety and Health Institute (ASHI).
