Princeton ISD takes the health and safety of our students, staff and their families very seriously. As such, in addition to steps to screen for the virus and prevent its spread on a campus, we are continuing a voluntary K-12 COVID-19 testing program for students and staff. This program uses Abbott Laboratories BinaxNOW tests provided by the federal government. We will only test with your consent. Above is a map of the testing site. Those testing should park in front of the door labeled C28 in the parking spots reserved for COVID testing. Most students and staff will be able to get in immediately within the scheduled hours.
