

INTRA-DISTRICT TRANSFER AGREEMENT (IDT)
RESIDENT STUDENT REQUEST TO TRANSFER WITHIN THE DISTRICT

Princeton ISD has established elementary and middle school attendance zones. Parents wishing their child to attend a school other than their assigned campus must complete an intra-district transfer request annually. Below are the guidelines for intra-district transfer request.

1. This transfer is effective for the current school year only.
2. Although approval of a transfer does not guarantee or imply the approval of future transfers to the same campus, the feeder campus or of siblings to the same campus; students currently attending the requested campus or feeder campus will receive a preferential transfer window.
3. The parent or the student will be responsible for transportation to and from the District school to which the student is transferred.
4. The transfer process is not applicable to students placed (program placement) on a particular campus to receive special education or district education services. Siblings' of students in special programs transfer request will be granted. Transportation is provided only for the student in the special program.
5. The student must maintain acceptable levels of attendance, good academic standing, and compliance with District rules and regulations, including the Student Code of Conduct, throughout the entire school year.
6. If this agreement is revoked, revocation ordinarily will be effective at the end of a semester; however, the Superintendent has discretion to revoke the transfer immediately if the student's continued attendance threatens the safety of other students or teachers or will be detrimental to the educational process.
7. The student and parent acknowledge that eligibility of transfer students for participation in any UIL activity or other activities governed by UIL rules and regulations will be determined in accordance with UIL rules and regulations.

All decisions will be made based on: **School enrollment capacity, school grade level capacity, and/or documented compelling extenuating circumstances.**

Extenuating circumstances may include, but not limited to children of employees, documented medical, psychological, or other special needs of students who seek to remain on a campus or transfer. The Board's designee will investigate the petitions submitted on these grounds by consulting with the professional staff at the requested campus.

Due to rapid growth in Princeton ISD, some campuses or campus grade levels may be closed to intra-district transfers. The Board's designee will generally deny requests for student intra-district transfers to campuses projected at 90 percent capacity or greater unless significant extenuating circumstances exist.

All intra-district transfers should be submitted to **Princeton ISD Central Administration, at 321 Panther Parkway, Princeton, TX 75407.**
