

# Diabetes Lecture Series at Brookhaven Memorial Hospital Medical Center

## Diabetes Support Group

**Presented By: The Diabetes Wellness Program**

The Diabetes Wellness Center at Brookhaven Memorial Hospital offers a Diabetes Self-Management Education Program that enables participants to make proactive, permanent and positive lifestyle changes tailored to their specific needs.

Recognized by the American Diabetes Association (ADA), the program participants partner with Diabetes Educators. Together patients learn how to manage their condition so that they can live a healthier life with diabetes.
