

Trap League PSA

Powder Creek Trap League Shooters,

Due to a Labor shortage, Powder Creek Shooting Park will be unable to provide pullers / scorers for Fall 2022 Trap League, and all Trap Leagues going forward until further notice. Therefore, if you would like to participate in this Fall 2022 Powder Creek Trap League, you or one of your teammates will need to pull / score for another team at some point during your Trap League night. Powder Creek asks that you reciprocate and help your neighbor. If you would like someone to pull and score for you, then we ask that you oblige by pulling and scoring for another team.

The way we envision it is that every Trap League time flight pulls / scores for the team after them, except for one time flight which will have to pull for the team in front of them and after them. For example, one member of the Trap 3 6:35pm time slot will need to show up early and pull for the Trap 3 6:00pm team. Then one member of the Trap 3 6:00pm time slot will stay behind after their shooting and will pull for the 6:35pm team. Now, Powder Creek suggests that a different member of the 6:35pm time slot (that didn't score at 6:00pm) stay behind and pull for the 7:10pm team. Trap 3 7:10pm will pull for the 7:45pm team and Trap 3 7:45pm will pull for the 8:20pm team.

This layout means that one member of every team will need to stay late in order to pull for the flight after them, except for the 6:35pm flight in which one member will need to show up early and one member will need to stay late. As teams rotate fields and time flights throughout the eight-week long league, every squad will work through this double-pulling 6:35pm time slot and everyone will be asked to share responsibility equally.

Due to the fact that Powder Creek is unable to provide pullers / scorers, weekly target fees for Trap League shooters will reduce to Powder Creek Annual Member Rate. Therefore, weekly target fees will now be \$14.00, not the previous \$16.50. However, please be aware that if you are a Day Member of Powder Creek and you are just "practicing," you will still be charged the Day Member Rate of \$9.75 per round of 25 targets. Only your targets shot during your flight or Make-Ups / Pre-Shoots will be discounted to the \$14.00 rate. Annual Members of Powder Creek pay \$14.00 per 50 targets all year long on all of their Trap shooting.

Powder Creek does still have enough employees to fill Trap houses with clay targets and to be on standby on the Trap Fields should any equipment break down or any issue arise. The only thing that will change is that we do not have enough employees to pull / score. We hope you understand, apologize for the inconvenience, and if you have any questions, please let us know.
