4:00 am to 10:00 pm**

**All Other Parks  
4:00 am to 10:00 pm**

## Sheboygan Parks Department Celebrates Earth Day 2017

Earth Day events are a great opportunity to give back to your community and especially your park system.

Many groups take advantage of this occasion to help the Parks Department get ready for summer by organizing clean ups of the green spaces, beaches, and trail that encompass the 645 acres of parks within the City of Sheboygan.

This Earth Day, I had the pleasure of spending the morning with the Radio Station B93 and volunteers from the Sheboygan area and the Johnsonville Young Professionals at Kiwanis Park. The Volunteers helped pick up litter and debris that accumulated throughout

the winter. The organization from Johnsonville spread new mulch in the play ground area.

As a group we were able to collect several bags of garbage and ready the playground for another season of fun.

As a custodian of our Park System, I

would like to thank everyone who participated in all of the Earth Day event that took place in our community. I encourage everyone to get outside and take advantage of the City of Sheboygan's 36 Parks, 18 playgrounds, eight miles of asphalt trails, mountain bike trails, two disc golf courses, beautiful beaches, and picnic areas, six enclosed shelters and 12 open shelters that can be

rented. The parks also have available six youth baseball softball fields, three softball fields, and two baseball fields and open green space for other activities.

**Joe Kerlin  
Superintendent of Parks & Forestry**
