

In July, the City of Sheboygan completed our annual community survey. This survey provides an opportunity for citizens to provide input to city staff on initiatives designed to improve the six focus areas of our strategic plan. The survey responses nearly doubled from the previous year. Each response was reviewed carefully, and work has already begun to improve any deficiencies.

To view the community survey results, please [click here](#). To view the power point presentation that summarizes the results, please [click here](#).

We would like to thank our citizens for time spent completing the survey as well as the numerous community partners for their efforts in promoting the survey. Congratulations to Sarah Stemper, the winner of \$100 in Sheboygan County Chamber Cash for completing the survey. Please look for our 2018 Community Survey next summer.
