

Please help shape Sheboygan by taking the City of Sheboygan's annual Community Survey. This brief online survey will help city staff and officials improve the quality of life and services we provide to our community. The survey takes less than 10 minutes to complete and participants have an opportunity to win \$100 in Sheboygan County Chamber cash. We value input received from our community as we strive to make Sheboygan better daily. The survey is available through July 23 and can be accessed by using this link <https://www.surveymonkey.com/r/S2M28YS2017CS> or via the city website www.sheboyganwi.gov.
