St. Veronica has provided transportation garages (WC, Milford, and Batavia) with our student rosters by school district. If you are new to our school or have recently moved, please contact your local transportation garage to confirm transportation. You may be required to complete additional paperwork or e-form.

To view routing details for your student(s), visit the following links:

For WC and Milford, the username format is student's first 2 letters last name + first 4 letters first name. The password is student's 8-digit date of birth.

Please Note: If your local public school is closed due to inclement weather, they will not provide transportation to St. Veronica. During a delay, due to inclement weather, your transportation will follow their local school schedule, not St. Veronica. If you have questions regarding transportation during inclement weather, please contact your local transportation garage.
