Listen CI Camp June 15-18 & July 27-30

Camp Design

- To make the most of our time together, days are intentionally very full of recreational activities carefully selected to facilitate bonding and learning from each other. It's your participation with other families that makes camp so special- camp isn't camp without you actively engaged! If you would like to explore Rocky Mountain National Park or other offerings at the YMCA, please make arrangements to stay in the area a few extra days before or after camp for your family vacation.
- Camp sessions are separated by age of CI child(ren) which allows campers to be in age-based groups to facilitate relationships with same age friends.
- Every member of your family who will attend camp must be registered, regardless of age.
- Capacity is limited to five immediate family members (CI child(ren), parents/legal guardians, and siblings up to 18 years of age) and one room per family.
- Families with multiple CI children, fitting the age criteria for both sessions, may choose the session that best fits the independence level of the CI children, or select based on sibling age.
- If any member of a camp family is ill prior to camp, you are required to cancel your registration.
- If any member of a camp family becomes ill during camp, the family must notify the Camp Director and immediately leave the premises.
- Regardless of circumstance, refunds are not available unless the Listen Foundation is able to fill your spot with another family. If a replacement is found, the registration fee will be refunded, less a \$25 administrative fee. **As such, all families are strongly encouraged to purchase travel insurance.**
- The YMCA is no longer licensed to care for children under five years of age; therefore, on Saturday morning parents with children under five must have one parent attend programming with their child while the other attends the Parent Education session.

For more information or to register visit www.listenfoundation.org/cicamp or Contact Camp Director, Janette Cantwell, at CochlearImplantCamp@gmail.com.
