

# Gobble 'Til You Wobble

This year grab the family and take your seat at our table for an intimate, **picky-eater-friendly**, Thanksgiving meal with STAR!

This **FREE** turkey-day event is a fun and social environment to work on creating positive food experiences while your family develops and expands various sensory capacities and food processing. We'll provide the turkey along with other traditional feast sides for all to enjoy.

There's always room at the table for a little more and with that we have a little twist! We'd love your child to bring their favorite food or dessert (*does not have to be a traditional Thanksgiving food*) to show and share as part of the feast.

*Space is limited so sign up soon or this turkey day event will fly on by.*
