Join Swallow Hill in a welcoming space designed for individuals and families with sensory sensitivities and developmental disabilities. We turn the lights up and the sound down so individuals and their families can move around, dance, and sing along in a fun, judgement free environment. There is no “shushing” allowed and sitting still is optional.

Concert opportunity in partnership with Developmental Pathways

Raven Tarts are Andrea Parés and Olivia Shaw of Denver-based Americana-bluegrass band Avenhart. Andrea and Olivia are looking forward to creating a warm and welcoming musical environment that inspires giggles, dancing, and connecting with one another.

These events, while geared toward some of the unique needs of individuals with I/DD, will make our cultural events and experiences more welcoming for all. We welcome everyone at this performance. Come enjoy!
