

Become an IEP Superhero!

**We all want to be
superheroes in
the eyes of our
children.**

As a parent of a child with Learning Differences, you play the role of interpreter, therapist, case manager, *AND* IEP expert. If you have a child on an Individualized Education Program (IEP), it's important to understand what this means and how you can be a superhero for your child during this process.

Roxanne Bradley, *Certified Special Education Advocate*, has designed this webinar series to help you do just that. By the end of the 6-week series, each participant will be able to:

- Use IDEA and IEP terminology
- Describe the IEP process
- State how each section of the IEP is related and how it meets the needs of your child
- Write a draft IEP goal
- Analyze an IEP to determine if it meets the needs of your child
- Address concerns and negotiate with the IEP team
- Be able to review a progress report and know if your child is making progress
- Know where to find resources for support after the series
- Find federal and state laws that cover IEPs
