Our community knows how to deal with adversity, and we know how to make the best of difficult situations. We know you will all be resilient and kind to each other, so let's get together and talk.

Let's talk about Douglas County School District's plan for the fall. Our outstanding child advocate Veronica Crowell and Luke Wheeland; Director of Education and Community Outreach will cover the basics of the plan then join the conversation around your thoughts and concerns.

Veronica Crowell began working with individuals with disabilities while still in high school in Wichita, KS in 1978. She worked at The Arc of Sedgwick County in Wichita as a case manager and has 30 years of career experience working with individuals with I/DD. Veronica works primarily with families who have children on special education plans in Douglas County. Providing advocacy, education and counseling around special education laws. Veronica assists adults with a variety of resources including employment, housing, day and residential programs.

Luke Wheeland is responsible for the administration of all educational offerings and community outreach activities at The Arc Arapahoe & Douglas Counties. Luke has witnessed firsthand the transition and steady progression of the quality of life options for individuals with disabilities, as his parents worked in the I/DD field for over 35 years. Luke grew up around people with disabilities and individuals striving to achieve independence and a meaningful life.

The Arc Arapahoe & Douglas Counties will be hosting a handful of "Zoom Support Groups" meetings supported by our outstanding staff, who have over 140 years of experience with individuals and families with IDD. Watch for upcoming topics and dates.
