

## Just Science Podcast – Identification: Just Forensic Technician Vicarious Trauma

The FTCoE's Just Science podcast interviews Selena McKay-Davis, lead senior forensic specialist and member of ASCLD's Trauma and Stress Working Group (TSWG). She talks about how exposure to crime scenes can result in vicarious trauma and stress. She also discusses her graduate studies on the subject and the gap in knowledge concerning the stressful effects of a career in Forensic Science.

**[FORENSIC TECHNICIAN VICARIOUS TRAUMA](#)**
