Two New Forensic Standards from the ASB!

The AAFS Standards Board (ASB) is pleased to announce the publication of two new American National Standards.

- ANSI/ASB Standard 035, *Standard for the Examination of Documents for Alterations*, First Edition, 2020
This document establishes the minimum required procedure(s) used by Forensic Document Examiners (FDE) in the examination of documents for alterations.
- ANSI/ASB Standard 077, *Standard for the Developmental and Internal Validation of Forensic Serological Methods*, First Edition 2020
This standard provides requirements for developmental and internal validations of forensic serological methods to evaluate body fluids, stains, or residues related to forensic investigations.

ASB documents are available for download in the [Published Documents](#) portion of the ASB website.
