  Garrett County Board of County Commissioners, Garrett County Planning Commission

Garrett County has initiated the 2018 Comprehensive Plan. The purpose of the study is to prepare a blueprint to address the county's future development.

The Thriving Population open house will focus on population trends, housing, and facilities & services, and give the public an opportunity to share in the planning process and the way you see the county growing. The information that the County gathers through this meeting will be influential in development of the comprehensive plan.

Thriving Population Open House

Monday, September 10, 2018

Garrett College Continuing Education Building, Room 111, 4-7 pm

See you there!
