

Garrett County is updating its Comprehensive Plan, which lays out a long-term vision for the future of the County. An open house is scheduled that will give you an opportunity to be part of this process.

Help plan for the future!

Garrett County Board of County Commissioners, Garrett County Planning Commission

Garrett County has initiated the 2018 Comprehensive Plan. The purpose of the study is to prepare a blueprint to address the county's future development.

The Sustainable Environment open house will focus on land use, water resources, sensitive areas, and energy and give the public an opportunity to share in the planning process and the way you see the county growing. The information that the County gathers through this meeting will be influential in development of the comprehensive plan.

Sustainable Environment Open House

Monday, July 16, 2018
Garrett College Continuing Education
Building, Room 111, 3-6 pm

See you there!
