

DCL Water Quality and Your Garden

**When: October 27, 2017
1pm-3pm**

Sky Valley Board Room

This class will highlight the importance of adding homeowner conservation practices to properties in Sky Valley to help improve Deep Creek Lake water quality.

Amanda Rockler will be leading this class and she is a Regional Watershed Restoration Specialist with the Maryland Sea Grant Extension Program. She received her Bachelor's in Environmental and Ecological Biology from the University of Colorado @ Boulder, and her Masters from George Washington University in Sustainable Landscape Design.
