Did you know that partial obedience to God is disobedience? Or that you can worship God but not follow him? These are questions that we will be exploring as we dive into a 5 week study this summer on the book of Jonah. Jonah is not just an old testament story. There are many lessons to learn as we navigate the trials of today.

Reading 7 Women by Eric Metaxas

Join us this summer as we discuss ONLINE the women of 7 Women: Joan of Arc, Susanna Wesley, Hannah More, Saint Maria of Paris, Corrie ten Boom, Rosa Parks and Mother Teresa.

What makes a woman great? Explore the captivating stories of seven women who changed the course of history by following the call placed on their life—and doing so with remarkable feminine dignity. Read and discuss how they achieved their greatness, and inspired others to lives guided by a call beyond themselves.

The Facebook Online Group Moderator for the week will post insight from their personal perspective, and discussion questions each day. Post content and discuss the material as you have time—anytime, day or night. Join the class by scanning the QR code.

Books will be on sale between services on  
May 24th.
