Schools in Green River

District Profile

Welcome and thank you for visiting Sweetwater County School District #2. Our public schools are the heart of our community. We employ talented, student-oriented teachers, administrators and staff who are committed to your student's success.

The District comprises an area of 5,250 square miles and is located in Green River, which has a population of approximately 13,000. Sweetwater County School District #2 offers a comprehensive educational program for grades kindergarten through 12th and is North Central Association and Wyoming State Board of Education accredited.

Wyoming Department of Education Report Cards for both State and District Accountability, Assessment, and Title Programs can be found by clicking image below:

The District operates Green River High School (grades 9-12), Expedition Academy Alternative High School (grades 9-12), Lincoln Middle School (grades 6-8). The District also maintains four elementary schools within the city limits (Harrison, Monroe, Truman and Washington) and three rural schools (Granger, McKinnon and Thoman Ranch) for grades K-5.

Trona mining, natural gas production and the railroad are the major employers in the area. The area is constantly evolving with the introduction of new businesses, and the community works hard at maintaining its timeless and peaceful setting.

We invite you to browse our website to view the various events, programs and activities that the Sweetwater County School District #2 has to offer students. For more information and answers to questions, please call the District's Central Office at 307.872.5500.

GREEN RIVER CHRISTIAN ACADEMY

800 Homestead Drive,
Green River, WY 82935
<http://greenriverchristian.weebly.com/>

Phone: 307-875-4405
office@greenriverbbc.com

Green River Christian Academy (GRCA) began in 1995 and is an integral part of Green River Bible Baptist Church. The primary objective of GRCA is to give young people and excellent education and to train them to be more like Christ. We realize that the primary responsibility of educating children is given by God to the parents. Our school acts as an extension of the home for the purpose of educating the child. GRCA offers advanced education for Kindergarten - 6th Grades. We use *ABeka* curriculum for all of our grade levels, and have a low teacher-student ratio. While we have an open enrollment, prospective students are required to go through the application process before being accepted. Please contact us today to schedule an interview.

We have an open enrollment and require all new students and their parents to attend an interview with our Administration. We are now accepting students for the school year. Contact us to schedule an appointment.

Community Profile

HISTORY

Green River was one of the few towns along the Union Pacific that existed before the railroad arrived. The Green River, which flows nearby, served as a waterway for the "tie hacks" that cut timber in the mountains, floated the logs down, then shaped them into rail ties at the town of Green River. When the railroad finally arrived, there was a city of 2,000 and an Overland Stage crossing a couple of miles downstream.

Trona is the natural ore from which the basic industrial chemical, soda ash, comes. Soda ash is used in the production of glass products, detergents and baking soda. The soda plants now operate to produce two-thirds of the world's supply of soda ash.

As one travels east along Interstate 80, the wide-open spaces of southwestern Wyoming are suddenly interrupted by a series of multi-colored buttes, carved over time by the Green River. The varied sizes, shapes, and shades of the eroding strata provide a majestic setting for the town.

POPULATION:

Green River, Wyoming's estimated population is 12,500 according to the most recent United States census estimates. Green River, Wyoming is the 7th largest city in Wyoming based on official 2017 estimates from the US Census Bureau.
