

# Monthly Member Spotlight!

## The March Spotlight is Wild Sage Market Highlights!

Wild Sage Market is a grassroots effort to open another grocery store in Green River, WY - a holistically-focused store, giving you convenience and ease of access to enlivening, high quality, natural and organic food and products, to be precise.

After approaching virtually every natural food retailer about opening such a store in our area and being turned down, our original members decided to look into methods laid out by the Food Co-op Initiative (FCI), who has helped successfully open dozens of similar stores around the country.

We received overwhelmingly positive responses and feedback in discussing it among the community, so we decided to take it a step further and turn our dream into a reality.

If not us, then WHO?

If not now, then WHEN?

It's time to stop waiting for someone else to fulfill our need for another grocery store.

Let's work together and create the store that we want!
