

## INAUGURAL MHA OF INDIANAPOLIS FALL BREAKFAST CELEBRATES VITALITY GRANT RECIPIENTS AND ACHIEVES SUCCESSFUL DEBUT

Indianapolis, IN – Mental Health America of Indianapolis (MHA Indy) is delighted to announce the successful conclusion of our inaugural fall breakfast, which celebrated and recognized the recipients of the MHA Indy Vitality Grants for the 2023/2024 year. The event provided a unique opportunity to meet the dedicated individuals and organizations making a significant impact on behavioral health in our local community through their innovative projects and initiatives, encouraging collaboration among Indianapolis-based organizations to work towards solutions that support our communities.

The MHA Indy Vitality Grant Program, funded by ARPA (American Rescue Plan Act) Relief funds, focused on supporting Mental Health Systems Reform and Juvenile Justice in Marion County, Indiana. Collaboration among grassroots and larger organizations was actively encouraged to find solutions that benefit the community.

We extend our heartfelt gratitude to the Indianapolis Mayor's Office, specifically the Office of Public Health and Safety and the City-County Council, for their unwavering commitment to improving mental health and juvenile justice in Indianapolis.
