

Aloha Amy, Rhonda, Monisha, Heather, Russ, Esmond, Trevor, and the whole list of Saints working at Cape Fear Habitat for Humanity, a quick note to show your handiwork in action!

And here are the miracles that have happened since. The Grandkids have taken over the Guest Bedroom. The Creation Station is up and operating again. Doubling as their lunch table when they make crepes with Nanny. And the Living room is a series of tents, forts, and camp sites. Look at these pictures of a house becoming a home.

And more miracle. Three of the five Hughes Boys in the same room, at the same time...for the first time in Five years. All three Veterans. Navy, Army, and another Army (but that brother has a Purple Heart with Oak Leaf Cluster...and a Bronze Star for Valor). We all traded stories from our Military days. And they brought us that wonderful table to replace our old one. We laughed, and brought back memories of all of us in a home with ten kids in it. And how are children will never know what it is like to have that many siblings stuffed into a bedroom...or two.

As you can see, Grandkids got to meet Uncles for the first time. And the Uncles supplied them with cash for missed birthdays, some presents from Virginia and Ohio, and a big hit was the gift card to Dairy Queen. They were told if their parents were good that day, they could reward them with a DQ treat. Which they did. Sundaes and Shakes all around.

It is no little thing to have a home. Already memories are piling up. Grandkids, Brothers, Uncles, and one of my two best friends and his wife visited us too. Not to mention the every day miracle of Kathy and I cooking, relaxing and loving our new Home. Don't think your wonderful miracles stop when you turn the home over to us...nope. They are just beginning. I would hug you all...for none of these pictures would have been possible without the forever home that you all gave us!
Smiles, Kevin & Kathy Hughes
