2022 Atlanta Challenge Cup – LPGA Amateurs Atlanta

Commissioner: Danita Knox, 404-210-1902
Email box: challengecup@lpgaamateursatlanta.com

There will be 4 Groups of 4-6 players for **Round 1 (April 1st – July 31st)**. The 4 Groups are determined by a random selection. There will be **3-5** matches of golf for each player in Round 1 to determine who will advance to **Round 2**.

Players advancing through Rounds

Players decide who to play and where. The contact information for each player in your group will be provided.

Each Group will designate someone to be the Group Score Keeper. All points and scores need to be tracked for the matches and reported to Coordinator. Please let Coordinator know if you are assigned the role of Score Keeper.

SCORING:
The winner of the match earns **1 point**.
If you tie, you both earn **1/2 point**.
If you lose you earn **0 points**

The player with the most points will advance as the Number 1 Seated Player for their Group.
The next highest points will determine the Number 2 Seated Player for their Group.
(IF NEEDED) The top two Number 3 Seated Players will advance to Round 2 to round out top 8 players.

If there is a tie, the best overall match play scores will be used to determine who will advance. Therefore, it is important that the points and scores of each match are recorded by the Score Keeper. **Please submit scores on or before July 31st.**

If multiple players tie, and the scores cannot be used to determine who will advance, then a stroke play round with all tied players will be played to determine who will advance.

For each match, determine your course handicap for the course you are playing using LPGAA or GHIN Course Handicap tool.

The difference between your course handicap and your opponent will determine the **number of strokes you get or must give** for the highest handicap holes on the course being played. The LPGA Amateur App provides a course handicap calculator.

Those without an established handicap will have to play using their gross score. This places you at a huge disadvantage, so those without an established handicap are encourage to use the LPGA Amateur or GHIN tool to enter at least their last 3 scores to establish a handicap.
