As spring approaches, we at Knead to Feed have begun our fifth year of baking. We want to thank our Congregants for their continued support of this project which helps those less fortunate. In the past five years, we have donated over \$22,000 of our net profit to agencies including:

Jewish Family Service of Somerset County  
Jewish Family Service of Hunterdon County  
Somerset County Food Bank  
Morristown Soup Kitchen  
*Mazon*, the Jewish response to Hunger in America

So your purchase of *challot* and *mandelbread* does really make a difference in people's lives. Please continue to help us make 2017 our best year yet. We will have *challot* for sale at the upcoming *Purim* carnival on March 12.

How about taking two hours of your time once a month and helping us with our baking? If you aren't already on our volunteer list, please email me and join us in the kitchen.
