

A Note From our New Youth Advisor

I am very excited to have started my position here at THS! From planning some of the youth group events to writing lesson plans and even meeting some Congregants, I am beginning to learn all that THS has to offer. While I am still assimilating to the position, I want to thank everyone for being so welcoming and helpful during this transition period.

I am thrilled for the year ahead for all THS youth groups. We have a strong HSTY board who are ready to make the events this year something to remember! The first event is an opening event on Sunday, September 10th. More details to come! If anyone has any recommendations for youth programs this year, please feel free to reach me at ***jordang@templeharshalom.org***.
