

Free Community-Wide Program Open To The Public

ISRAEL AND THE UNITED NATIONS

Sunday, September 10th | Temple Har Shalom | 104 Mt Horeb Rd, Warren, NJ 07059
Breakfast at 9:30 AM and Program Begins at 9:45 AM

StandWithUs and Temple Har Shalom Board invite you to join us in examining how the United Nations functions today and if it holds Israel to the same standards as any other country.

Paul Friedman discovered his passion for educating students about Israel while studying and living in Israel for a full year in 2007-2008. He furthered his passion for obtaining knowledge about Israel and educating others while being selected as a Graduate Assistant at the Holocaust Resource Center at Kean University. He also earned his Master's Degree in Holocaust & Genocide Studies at Kean University where he wrote his thesis on the history of Polish anti-Semitism. After graduating, Paul began working for StandWithUs as the Tri State High School Coordinator ensuring that students and educators are exposed to all of the facts so students will be equipped with the knowledge to support Israel.
