## Summer Wishes Summer Wishes

### TO PROVIDE SUMMERTIME FUN TO HISD STUDENTS

Quarantine, social distancing, and toilet paper shortages were not on our radar when Spring Break started in March. How different things are now. Stay at home recommendations, online teaching and closed parks has made this time especially difficult for so many so we are hoping for your help to give these students summer experiences that would otherwise not be available.

We are asking for gift cards or donations to provide pool passes, park passes, movies, and other fun summer activities.

This has been a difficult time of all of us to adjust to. Having some fun activities available during the summer months will hopefully bring some sunshine into the lives of our neediest students and bring a positive a mindset to the beginning of school in the Fall.

Your donations make it possible to make this summer a bit brighter. Donations can be made to:
