

EarthLink COVID-19 Customer Support Application

EarthLink is committed to maintaining a strong, reliable network with no data caps to ensure our customers always have the internet access they need. We recognize that staying in touch with physicians, family, friends, school and work has never been more important.

EarthLink has signed on to the "Keep Americans Connected Pledge." In addition to the benefits of the pledge, we want to offer our existing customers additional support.

In the unfortunate event you have been furloughed or terminated and are a current EarthLink customer, EarthLink will provide qualifying customers 90 days of internet service at no charge. We want to do everything we can to help our customers.

To apply for this offer, please complete this application and return it to WeCare@EarthLink.net.

If you do not have access to a scanner, feel free to take a photo of your completed application and send that to us. You can also direct any questions you have to the same email address.
