

COMPLETE DKI STATEMENT OF QUALIFICATIONS COVID-19

As the region's largest private emergency response company, Complete DKI's mission is to be an asset to the communities that we serve. We pride ourselves on the fact that we consistently maintain our position at the forefront of technology and industry knowledge. Although there is no way anyone could have specifically prepared for the Novel Coronavirus Pandemic, we have been ensuring that we are always ready to respond to the evolving needs of the communities that we live and serve in, training and preparing for an event of this nature.

Complete DKI is prepared to assist the business community with treatments involving:

- ▲ Physical cleaning of high-touch surfaces
- ▲ Negative containment enclosures
- ▲ Air scrubbing utilizing HEPA filtration devices
- ▲ Proactive disinfection utilizing Hydroxyl technologies
- ▲ Air washing with small particle antimicrobial
- ▲ Various disinfectant application methods, including:
 - Electrostatic sprayer
 - Binary Ionization Technology
 - Ultra-Low Volume (ULV) sprayers
 - Airless sprayer
 - Direct application
- ▲ Adenosine Triphosphate (ATP) testing
- ▲ Partnership with Industrial Hygienist for specialized instances

Complete DKI leadership has 100+ years of combined experience in the emergency response industry and has numerous qualifications including:

- ▲ Company-wide bloodborne pathogen training
- ▲ Registered Biomedical waste transporters
 - 1 of only 9 from Escambia County to Leon County for trauma remediation
- ▲ Direct assistance in preparing the Restorations Industry Association's (RIA) protocol for assisting with COVID-19
- ▲ IICRC Applied Microbial Remediation Technicians
