

# FAITH - BASED community response network

Faith-based Community Response Network is a Chamber-initiated network of churches in Escambia County working to collaborate together in coordination with the City of Pensacola and Escambia County to assess gaps in services during these uncertain times. We are working to assist all demographics not currently able to benefit from available resources throughout all regions in the county. We are also working to coordinate information and outreach services through our faith-based networks such as food distribution sites, donation drives, neighborhood check-ins and various other community services.

If you would like to be a part of the faith network or would like more information, please email **[slefevers@pensacolachamber.com](mailto:slefevers@pensacolachamber.com)**
