## Frequently Asked Questions

**Q: Do you provide book recommendations or a curriculum for us to follow?**

**A:** No. Teachers should use this program to help supplement their student's existing reading goals and objectives.

**Q: When do we start the program?**

**A:** That is entirely up to you, but the month could look like this:

- March 1 – 3: Talk to students about all of your March is Reading Month programming. Get them excited to read by helping them pick out books, or introducing them to the program.
- March 6: Start week 1 of the program and “mark their 1st reward as earned”. Rise and repeat for 3 more weeks.
- March 31: This is Friday of week 4. Attach their final prize (The link I sent out March 1st) to their filled-in calendar when you send them home that day.

Our ticket office is prepared for the redemption process to start on Monday, April 3th.

**Q: What happens if a student doesn't complete their goals every week?**

**A:** Weekly prizes are an incentive to read, but reading goals don't need to stop when the calendar flips to April. We encourage you to work with your students and reward them when you see achievement.

**Q: What are the prizes and how do we get them?**

**A:** Prizes include things like a special offer to Qdoba, a special offer to Molasses Smokehouse, a Meijer fun pack, and a free ticket to one of three Loons game. All of these prizes will need to be picked up at Dow Diamond when students redeem their ticket voucher along with the special offers.

**Q: Do students need to turn in their progress sheets to anyone?**

**A:** No. We trust teachers, librarians, and administrators to oversee their progress throughout the program.

**Q: What games can students use their tickets for?**

**A:** One of three home games (May 6, June 11, June 18) We encourage parents to attend with their child to the game of their choosing.

As an additional reward for participating, all of the students in attendance at each game will be permitted to join us on the field pre-game to be recognized for completing the 2023 Loons Reading Program! We would love to work with you school! Let me know if you have any questions!
