

Want to find out more about these NCBC Certification Programs?

*Breast Health Clinical Navigator Certification: BHCN™

The NCBC BHCN™ Certification is the most comprehensive navigation program in the industry in regards to multidisciplinary care. The purpose of the BHCN™ exam is to identify applicants that have met the standards of achievement and the navigator's role; enhance patient safety, quality of care and delivery of services through recognition and resolution of barriers to care; and recognize professionals who advance beyond basic knowledge in the specialty field of breast patient navigation.

*Cancer Genetic Risk Assessment Certification: CGRA™

The program NCBC is offering in CGRA™ certification endeavors to provide assurance that professional awarded certification has acquired the requisite knowledge, skills and expertise in cancer genetics risk assessment, and is keeping current with the advances in knowledge and developments in this rapidly evolving specialty field of practice. Preferred candidates are professionals licensed in the United States, including physicians, nurse practitioners/advanced practice nurses and physician assistants seeking to demonstrate advanced knowledge in providing cancer genetics and cancer risk assessment subspecialty practice. Genetic counselors do not need to obtain this certification as the competencies are covered by genetic counselor training and maintenance of certification. The purpose of the CGRA™ exam is to assess knowledge, skills and competencies previously acquired and necessary to assess, educate and provide cancer genetics risk assessment clinical services to patients and their families. There is a focus of this exam on comprehensive breast cancer risk assessment although a broader recognition of cancer genetics and cancer predisposition genes associated with hereditary cancer risk is expected of the candidate.

National Quality Measures for Breast Centers: NQMBCTM

As a vital part of the NQMBCTM program, the NCBC will officially recognize each participant as a Certified Participant in the National Quality Measures for Breast Centers™. This certification will be executed within 30 days after data is submitted for 40% of the measures for their breast center type. This designation will grant eligibility to next be awarded the designation of a Certified Quality Breast Center™ and ultimately a Certified Quality Breast Center of Excellence™.

Certificate Of Performance In Oncoplastic Surgery™

For those looking to validate your own Oncoplastic Surgery experience, apply for the Certificate of Performance in Oncoplastic Surgery™. Available as an option in The Essential Oncoplastic Breast Surgery Course™ which provides the spectrum of oncoplastic procedures available to breast surgeons. Hands-on education is provided by nationally recognized experts in an individualized method.
