The Essential Oncoplastic Course™

The New Pink Paradigm™ Summit

Cancer Genetic Risk Assessment Certification (CGRA®) Exam
Breast Health Navigator Certification (BHCN® & BPNC®) Exams

▶ Live Stream Option available See Page 23

Assessment of Need

Over 250,000 women will be diagnosed with breast cancer annually, accounting for 30% of all new cancer cases in women. This makes it the most common cancer diagnosis in women. This program's intent is to increase the quality of breast care provided to women across the globe through the interdisciplinary education of breast health professionals. Many breast healthcare practices are not standardized and this conference provides a learning and networking environment enabling breast professionals to learn about genetics, risk, the latest treatments, technologies, procedures, become certified and sharpen their skills in detecting and treating breast cancer. Treating breast cancer includes risk assessment.¹ The conference also provides a review of selected topics throughout the field of breast health care.² An analysis of peer-reviewed journal articles, new guidelines and past participant evaluation analysis have identified technical areas of focus which include the evolution of a breast center, breast specific gamma imaging, using breast MRI as a screening tool, improving RT/Radiologist relations, digital positioning, ultrasound imaging, biopsy techniques, lobular neoplasia, reverse axillary mapping, endocrine therapy, treating the breast cancer survivor³, coding and reimbursement procedures. Patient centered focus areas include: providing care to the underserved communities, patient tracking tools, assessing the high risk patient, reconstruction options, starting a sexuality program in a breast center, supporting the breast cancer survivor, and patient satisfaction. In each of these areas, lectures will include controversies, recent developments and recommendations from experts in the breast health care field. This program has been developed specifically for the entire breast center team from administrative staff to breast clinicians. It is the intent of our educational activity to provide breast health care professionals objective, evidence-based clinical content, which they can incorporate into their practice to improve clinical care and outcomes of their patients.

You Asked, NCBC Delivered!!!

Now more than ever as medical professionals, we need to be on point with the development of our Breast Care Services. We know NCBC is the place you come to stay on the cutting edge, and you depend on us to deliver tools that directly impact your program development and patient outcomes. For this reason, we have a heavy focus specifically on "program development" for our 2023 conference.

If you only have time for one Breast Care Conference, the NCBC Interdisciplinary Breast Center Conference should be the one you don't miss!!!

The Essential Oncoplastic Course

The Essential Oncoplastic Breast Surgery Course provides the spectrum of oncoplastic procedures available to breast surgeons. Hands-on education is provided by nationally recognized experts in an individualized method.

Learn New Skills: Lecturers will demonstrate their techniques followed by all attendees performing the procedures in a "see one, do one" method in the lab. Techniques most breast surgeons can perform.

Validate Your Skills: The Certificate in Oncoplastic Surgery® is offered by passing the practical performance testing, written testing as well as other requirements (extra charge). Applicants must have prior oncoplastic course(s) attendance and have practical experience.

Course Highlights:

- 20 Hours of didactic teaching
- 7 Hours of hands-on lab over three days
- National and international faculty
- Surgical procedures on environmentally conscious Mastotrainer
- Models providing predictable anatomy to perform procedures
- Earn 17.25 AMA PRA Category 1 Credits™ **Learn More: page 7**

Register to Attend NCoBC 2023: Breastcare.org

NCBC is excited for our March 2023 in-person 32nd Annual Interdisciplinary Breast Center Conference in Las Vegas.

Meals: The registration fee includes complimentary breakfast symposia, lunches, breaks and receptions Saturday through Monday. Each registrant will be provided a package of meal tickets with their registration materials. If a meal ticket is lost, a replacement may be purchased at \$75 per meal function. Exhibitors should reference their exhibitor package for ticket details. Family or friends that would like to attend breakfast or lunch may do so at the above rate. We work very diligently to provide each meal and have a variety of choices to meet all special needs in food. If you require specific meal needs please refer to Paris Las Vegas restaurants for your additional options.

Breakfast Symposium: Enjoy breakfast each morning (Saturday - Monday) while learning about new and upcoming products from outstanding companies. See the Symposia schedule below

Our Extraordinary Exhibitor Extravaganza: Provides you with a special Vendor Showcase on Sunday at 9:30 - 9:50 am. Then, on Sunday during the afternoon break (3:10 - 4:00 pm), we will serve light snacks while you enjoy additional time with the vendors.

Poster Reception: This event is designed to allow guests to view all posters on display and interact with the authors and presenters. The four poster winners will present their poster orally during this Poster Reception on Saturday at 4:45 - 6:30 pm. We hope conference guests use this time to learn about ground-breaking new programs, treatments and techniques being implemented by breast health facilities worldwide while enjoying the special poster reception with appetizers for all attendees.

Exhibit Hall: An array of specialized technology, equipment, products, and services will be on display for breast centers, group practices, and practitioners of breast health care. Exhibits will be open during non-lecture times (breaks, meals and receptions). NCBC members can visit the NCBC website www.breastcare.org to view a list of all exhibitors to date.

Recommended Dress: Business casual. Temperatures in meeting rooms and personal comforts vary greatly. As meeting rooms usually seem cold, please bring a sweater or jacket to compensate.

Registration Materials: The conference app will be available for download by registered attendees on March 17, 2023. On the app you will be able to review presentations that have been submitted, logistic information, exhibitor and sponsor listings and other pertinent information.

Disability Statement: If you have a disability, please contact the NCBC office by January 24, 2023 to notify the staff of any special needs to help us better serve you.

Consent to Use Photographic Images: Registration and attendance at, or participation in, NCoBC meetings and other activities constitutes an agreement by the registrant to NCBC's use and distribution (both now and in the future) of the registrant or attendee's image.

Evening Networking: For individuals attending the conference who want to meet peers from around the country, the Evening Networking Program has been very successful. You never know who you will meet that can become a friend for life. If you are attending the conference without your coworkers, friends or significant other and would like to experience what Vegas has to offer, but not alone, there is a group for this too. It's important to NCBC to bring together conference attendees who want to meet peers from around the country, to have fun together, and learn from each other. We are all better together!

COVID-19 Precautions: As we plan for 2023, we are preparing for the new normal regarding COVID-19 and its variants. NCBC along with Caesars Entertainment will adhere to protocols that allow for everyone to attend in a safe manner.

- NCBC offers over 110k sq ft of conference space. There is more than ample space to accommodate social distancing and appropriate distance between seating in the conference hall and exhibitor hall.
- All food and drinks will be provided with strict standards and safety in mind for everyone.

NCBC with over 650 attendees experienced a successful conference in March 2022. We encourage attendees to participate in the conference in-person and with confidence and enthusiasm as we navigate through these times, together we are better.

NCBC2023
— 32nd Annual —
Interdisciplinary Breast Center Conference
March 24-28 • Paris Las Vegas, NV

Core Competencies

In alignment with the CME mission of the University of Tennessee School of Medicine, programs are planned in the context of desirable physician attributes and core competencies (six abilities that are central to the practice of medicine): 1. Patient Care 2. Medical Knowledge 3. Practice Based Learning 4. Interpersonal and Communication Skills 5. Professionalism 6. Systems Based Practice as designated by the American Board of Medical Specialties. Core competencies addressed in each of the activity objectives below, this shall serve the best interests of the public and assist in maintenance of certification.

Objectives

- Understand the importance of classifying breast cancer subtypes according to their site of origin
- Discuss critical elements of infrastructure
- Discuss current available functional and non-functional supplemental screening modalities: US, MBI, MRI, CEM
- Consider the role this modality will have on screening in the future
- Understand that breast cancer is a progressive disease. The progression of breast carcinoma can be halted by early detection and treatment. The point at which this development is arrested is crucial
- Compare and contrast differences in professionalism, techniques, patient experience & multidisciplinary team work
- Discuss current challenges and solutions with a High-Risk Clinic
- Describe strategies for increasing productivity and efficiency of High-Risk Clinic
- Define the role of a mentor and mentee
- Utilize a tool kit to determine when & how to respond to inequalities
- Identify critical strategies of ensuring a healthy workplace culture
- Describe market shift in healthcare recruitment and retention
- Discuss strategies to open your work place to diversity, equality & inclusion for patients & employees
- Understand and apply professional society guidelines as they pertain to breast cancer assessment with use of the models
- Discuss the associations between lifestyle and modifiable breast cancer risk
- Create understanding of when it is appropriate to order a cardiovascular consult
- Describe a common presentation of sexual difficulties while taking an endocrine manipulation medication
- Provide support for caregiving partners
- Develop an approach to the focused history for a breast mass and breast cancer risk factor review
- Understand the pathologist's approach in interpreting and diagnosing these lesions
- Summarize the various categories of multi-gene panel testing alternatives offered by genetic testing laboratories
- Demonstrate the power of customizing your community and cultural environment
- Importance of exercise for the prevention of LE in high-risk patients
- Identify the process to integrate key components of the comprehensive breast center structure
- Explain screening mammography performance metrics for online vs offline interpretation
- Non-Surgical options for LE therapy including ongoing studies
- Describe 2 options to integrate NAPBC and NQMC requirements
- Learn the aesthetic options that improve patient satisfaction for both breast conserving surgery and mastectomy for breast cancer
- Identify personal core values that inspired you to pursue your career and reflect on where they are strongest in your current work life
- Create strategies to engage primary care physicians and health care leaders in your high-risk program

Credit Hours

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the University of Tennessee College of Medicine and National Consortium of Breast Centers. The University of Tennessee College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The University of Tennessee College of Medicine designates this live activity for a maximum of 30 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physician Assistants, Nurse Practitioners and Nurses may use these credit hours toward certification renewal. This credit is acceptable by the American Academy of Physician Assistants (AAPA), American Nurses Credentialing Association (ANCC) and the American Academy of Nurse Practitioners (AANP)

BRN: Credits are arranged through The California Board of Registered Nursing.

ASRT: Continuing Education Category A credits are being arranged through the American Society of Radiological Technologists (ASRT). Each 30 minutes of contact time is awarded .5 CE credit. Each contact hour is equal to 50 – 60 minutes and is awarded 1 CE credit. This program is relevant to the radiologic sciences profession.

AMA PRA Category 1 Credits™

3/24/23 – 3/26/23	17.25	The Essential Oncoplastic Surgery Course™
3/24/23	6.5	Back to Basics: Improving Multi-Modality Interpreting & Procedural Skills
3/24/23	6.5	Breast Center Boot Camp: The Who, How & What of Building & Expanding a Breast Center
3/24/23	6.5	High Risk Breast Program: Essentials for Success
3/25/23 – 3/27/23	17	Plenary Conference
3/28/23	5.75	Adventures with Navigation

3/28/23	6.5	Clinical Breast Assessment & High-Risk Genetics: Fundamental Principles for Practice

NCBC2023

32nd Annual
Interdisciplinary Breast Center Conference
March 24-28 • Paris Las Vegas, NV

Dear Colleagues,

It is an honor and privilege to serve as President of NCBC. As with past presidents and future presidents to follow, we are often reminded of why NCBC plays an important role in the breast care space. NCBC is charged with bringing the entire continuum of breast care, from advances in imaging technology, pathologic correlation, genetics and risk assessment, oncoplastics, lymphedema, business administration, to the latest in breast disease treatment and management and survivorship. Our organization leans heavily on the volunteerism, passion, and knowledge of recognized experts within their fields, all laser-focused on our true-north, which is our patients.

For over 30 years, NCBC has continued to evolve to meet the needs of individuals like you who share in our common goal to improve our patients' lives and their clinical outcomes. As our field continues to evolve, we should begin to also recognize and embrace other important factors such as equality, equity, and inclusion, all of which are fundamental in the evolution of our workspace and how we care for our patients. NCBC will continue to evolve with you as care providers, and it is our goal to be your partner in this journey of care and provide you with the tools you need to meet your challenges.

I am very excited about our 2023 national conference! It would not be possible without the many, many expert volunteers who serve as the backbone of this organization and who have dedicated their time and knowledge. And what is it that we all hope for? That you become more energized and inspired in caring for your patients back at home and hoping that you'll inspire others in your team to do the same.

Very much looking forward to seeing you in Las Vegas in 2023!!!

With gratitude,

Khai Tran, MD
President, NCBC

Dear Colleagues,

As co-chair and program director of the planning committee, Dr. Jennifer Plichta and I would like to welcome you to the 2023 annual meeting! We are very excited about the rich content that we are able to offer by bringing together many renowned experts from all aspects of interdisciplinary breast care to serve as speakers on highly relevant topics.

This meeting would not be possible without the volunteerism and collaboration demonstrated by the dozens of individuals making up our truly interdisciplinary planning committee team as well as the hard work and determination of the NCoBC home office and executive director.

We hope you will arrive excited and eager to learn and leave energized with new friends and colleagues as well as new and practical information that you can apply back home.

We look forward to seeing you in Las Vegas!

Sincerely,

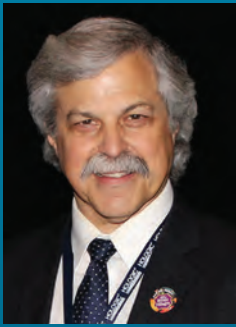

Robert C. Ward, MD
2023 Program Director
NCBC President-Elect

The Essential Oncoplastic Surgery Course™

with 3 Day Hands-On Lab and Optional Certificate of Performance Program

Cary S. Kaufman, MD, FACS – Course Director

Cary S. Kaufman, MD, FACS

Gustavo Zucca-Matthes, MD,
FACS, Post Doc

The Essential Oncoplastic Breast Surgery Course provides the spectrum of oncoplastic procedures available to breast surgeons. Hands-on education is provided by nationally recognized experts in an individualized method.

Date: March 24-26, 2023

Location: Paris Las Vegas, NV

Website: www.breastcare.org/ONCOPLASTIC/

Learn New Skills: Lecturers will demonstrate their techniques followed by all attendees performing the procedures in a “see one, do one” method in the lab. Techniques most breast surgeons can perform.

Validate Your Skills: The **Certificate in Oncoplastic Surgery®** is offered by passing the practical performance testing, written testing as well as other requirements (extra charge). Applicants must have prior oncoplastic course(s) attendance and have practical experience.

Register Early: Course size limited to 50 surgeons.

Course Highlights:

- 20 Hours of didactic teaching
- 7 Hours of hands-on lab over three days
- National and international faculty
- Surgical procedures on environmentally conscious Mastotrainer
- Models providing predictable anatomy to perform procedures
- Earn 17.25 AMA PRA Category 1 Credits™

Scan for Course Agenda:

Sponsored by the National Consortium of Breast Centers

The course is provided within the National Consortium of Breast Centers annual conference. All attendees of the Oncoplastic Course may also attend the 3 day annual conference at no extra cost.

Before and After Techniques Performed

Baseline Model

- 1) Class 3 Ptosis bilaterally
- 2) Asymmetry of both breasts

Right Breast

- 1) Inframammary Fold Approach
- 2) Anchor Incision Approach
- 3) Wise Pattern Markings
- 4) Superior Pedicle Reduction Mammoplasty

Left Breast

- 1) Crescent Mastopexy
- 2) Round-Block / Benelli Mastopexy
- 3) Wise Pattern Markings
- 4) Inferior Pedicle Reduction Mammoplasty

Register to Attend NCoBC 2023: Breastcare.org

Back to Basics: Improving Multi-Modality Interpreting and Procedural Skills

Chairs: Asha Bhatt, MD & Harriet Borofsky, MD

This course is designed to fine tune our skills at multimodality image interpretation and procedure performance. With a diverse group of expert speakers and leaders in breast imaging from across the country and around the world, our goal is to be re-energized and inspired to provide the highest level of patient care in a multi-modality approach to early detection and diagnosis of breast cancer.

High Risk Breast Program: Essentials for Success

Chairs: Teresa Heckel, MBA
& Kim VanYsseldyk, RN, FNP-BC, AOCNP

The design, development and implementation of a successful High Risk Breast Program (HRBP) requires a dedicated collaborative team with expertise in breast imaging, risk assessment, cancer genetics and high-risk medical management. Program models and structure can vary significantly depending on the site of care, resources available and overall goals of the program. Understanding the foundational infrastructure and critical resources needed help to guide the administrator in the planning and justification for a successful, sustainable program. This course will focus on HRBP models of care and key resources to develop an outstanding, comprehensive program with a focus on the high-risk woman and her journey of care - roles of administrators and clinicians for the identification, assessment and management of the high-risk patient.

Stream
Begins

7:00 - 7:45 am	Breakfast Symposia with Pfizer Oncology
8:00 - 8:15 am	Opening Comments Khai Tran, MD; Robert C. Ward, MD & Kimberly Bolin, BS, ARDMS, ARRT, RT(R)(M), NCBC Executive Director
8:15 - 9:15 am	Keynote Speaker: The Partnership of Hope Heidi Floyd, Patient Advocate Author
9:15 - 9:45 am	Beyond Buzzwords: Including Inclusivity & Micro-Intentions to Microaggressions Stephanie Graff, MD
9:45 - 10:15 am	Recent Landmark Trials in Breast Panel Suzanne Coopey, MD Moderating with Susan McDuff, MD, PhD & Foluso Ademuyiwa, MD, MPH, MSCI
10:15 - 10:45 am	Break with Vendors
10:45 - 11:15 am	Prioritizing Diversity in our Breast Center Teams Gail N. Morgan, MD, FACR
11:15 - 12:15 pm	Addressing Disparities in Early Detection & Diagnosis of Breast Cancer Amy K. Patel, MD Moderating with Gail N. Morgan, MD, FACR; Jean Weigert, MD; Tisha Singer, MD; Stephanie Graff, MD
12:15 - 1:30 pm	Lunch with Vendors
1:30 - 1:45 pm	Presentation of Impact Award Presented by Robert C. Ward, MD
1:45 - 2:15 pm	Impact Award Presentation - The Power of One Nicole Centers, RN, BSN, MBA, OCN, CBCN, CN-BN
2:15 - 2:45 pm	Dense Breasts: Legislation and Future Efforts Joann Pushkin
2:45 - 3:15 pm	Break with Vendors
3:15 - 3:45 pm	Reinforcing the Safety Net: The Role of Safety-Net Hospitals in Mitigating Breast Cancer Disparities Kathie-Ann Joseph, MD, MPH
3:45 - 4:15 pm	Busyness of Navigation: Supercharge Your Program! Maximize the Navigation Model Nicole Centers, RN, BSN, MBA, OCN, CBCN, CN-BN
4:15 - 4:45 pm	Mindfulness Susan M. Pollak, MTS, EdD
4:45 pm	Lectures End for the day
4:45 - 6:30 pm	Poster Reception

Sunday, March 26

7:00 - 7:45 am	Breakfast Symposia with Myriad Genetics
7:50 - 8:00 am	Morning Updates & Comments Kimberly Bolin, BS, ARDMS, ARRT, RT(R)(M), NCBC Executive Director
8:00 - 8:30 am	Keynote: Restoring Wholeness: Body, Mind & Spirit Barbara Demorest, Knitted Knockers Foundation
8:30 - 9:15 am	Reconstruction & Oncoplastic Surgery Gustavo Zucca-Matthes, MD, FACS, Post Doc

Sunday, March 26 *Continued*

9:15 - 9:30 am	Certification Recognition
9:30 - 9:50 am	New Technology Showcase
9:50 - 10:30 am	Break with Vendors

Break Outs	Imaging	Clinical	Navigation	Lymphedema
10:30 - 11:00 am	Emerging Role of Contrast Enhanced Mammography & CEM-Directed Biopsies <i>Victoria Mango, MD</i>	Personalized Radiation Therapy <i>Susan McDuff, MD, PhD</i>	Equity in Breast Cancer <i>Mary M. Gullatte, PhD, RN, ANP-BC, AOCN, LSSYB, FAAN</i>	Lymphedema Diagnosis Update <i>Atilla Soran, MD, MPH, FNCBC, FACS</i>
11:05 - 11:35 am	Breast Imaging in Children & Adolescents <i>Asha Bhatt, MD</i>	Novel Targeted Therapies in Metastatic and Early Stage Breast Cancer <i>William Sikov, MD</i>	Village of Navigation <i>Danielle Brown, RN, MBA, BSN, OCN, CN-BN, ONN-CG</i>	Personalized Treatment in LE <i>Lisa G. Mager, PT, MPT, CLT-LANA, WCS</i>
11:40 - 12:10 pm	Breast Imaging During Pregnancy & Peripartum <i>Tisha Singer, MD</i>	Clinical Implications of Population Health <i>Natasha Rueth, MD</i>	Stop & Go's of Navigation <i>Trish Tatrai, RN, MS, OCN, CBCN</i>	Improving QoL & Exercise in Lymphedema <i>Amanda Stauder, PT, DPT, WCS, CLT</i>

4:30 - 5:00 pm	NCBC Highlights Robert C. Ward, MD & Jennifer Plichta, MD, MS, FACS, CGRA
5:00 pm	The 32nd Annual Interdisciplinary Breast Center Conference Ends

NCBC Invites You and Your Breast Center Team to Submit an Abstract/Poster.

You and your breast center team are invited to submit an abstract to the NCoBC's 32nd Annual Interdisciplinary Breast Center Conference, being held at the Paris Las Vegas, Las Vegas, NV. March 24-28, 2023. The abstract/poster program provides a great opportunity to share your research and experience with other breast health care professionals. The goals of this session are to facilitate communication between breast care centers, to disseminate knowledge that may be useful to our members and their patients, and to give recognition to outstanding submissions.

To participate, email your abstract and the Abstract Application* to the NCBC office at NCBCabstracts@breastcare.org by the **due date, January 16th, 2023; late submissions will not be accepted.** Faxed abstracts will not be accepted. Submission(s) will be peer reviewed and the abstract author(s) notified of acceptance for poster display at the 2023 Conference by the end of day, January 25th, 2023. The NCoBC will host a special Poster Reception at the end of the conference day on Saturday March 25th, 2023.

NCBC will invite the authors of one abstract submitted in each of the three major categories, as well as one submitted by trainee (fellows, residents, students and other trainees), one of which will be designated the Fellow/Resident/Student Award-winning abstract, to briefly present their abstracts during the Oral Abstract Presentations at the Poster Reception. Category oral abstract presenters will be awarded a monetary gift of \$100. The Fellow/Resident/Student Award* recipient will receive a monetary gift of \$200 and complimentary registration to the conference.

*The Abstract Application and Guidelines for the Fellow/Resident/Student Award can be found at: <https://www.breastcare.org/abstracts/>

Special Recognition - 2022 Abstract/Poster Award Winners

Category I - Coordinated Efforts During the COVID Pandemic Leads to Minimal Decreases in Screening for An Established Mobile Mammogram Program

L Mae King, Robert E Heidel, John L Bell, Melissa Boyd; Alison Daniel; Andrea Martin

Category II - A Breast Cancer Risk Prediction Model that Incorporates an Ancestry-Inclusive Polygenic Risk Score and the Tyrer-Cuzick Model

Elisha Hughes, Ryan Bernhisel, Holly Pederson, Braden Probst, Timothy Simmons, Susanne Wagner, Susan M. Domchek, Charis Eng, Judy Garber, Monique Gary, Ora Gordon, Jennifer Klemp, Semanti Mukherjee, Kenneth Offit, Olufunmilayo I. Olopade, Joseph Vijai, Pat Whitworth, Lamis Yehia, Allison Kurian, Mark Robson, Thomas P. Slavin, Alexander Gutin, Jerry S. Lanchbury

Category III - Effect of Racial Disparities and Socioeconomic Determinants on Reconstructive Options for Triple Negative Breast Cancer Patients at an Urban Breast Cancer Center

Adaah A. Sayyed; Mansi Maini; Parhom Towfighi; Nathan Aminpour; Monika K. Masanam; Olutayo Sogunro; Romina Deldar; Nicolas Greige; Jennifer Son

Fellow Winner - Oncoplastic Techniques: Temporal Trends and Oncologic Outcomes in Women Undergoing Breast Conserving Surgery

Alexander C. Yaney, Sachin R. Jhawar, Sasha Beyer, Julia R. White, Jose G. Bazan

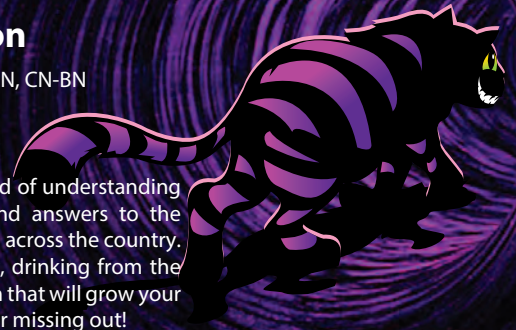

Navigation Post-Conference

Adventures with Navigation

Chairs: Nicole Centers, RN, BSN, MBA, OCN, CBCN, CN-BN
& Trish Tatrai, RN, MS, OCN, CBCN

Tumble down the rabbit hole and enter a world of understanding at the Navigation post conference. Come find answers to the difficult questions and network with peers from across the country. Don't be late for the very merriest unbrithday, drinking from the experience of others and taking bites of wisdom that will grow your expertise! Don't be late or off with your head for missing out!

March 28, 2023

8:00 - 8:15 am	Welcome Nicole Centers, RN, BSN, MBA, OCN, CBCN, CN-BN
8:15 - 9:00 am	Rattling the Dormouse, When the Well Runs Dry Danielle Brown, RN, MBA, BSN, OCN, CN-BN, ONN
9:00 - 9:30 am	Dealing with the Jabberwocky of Benign Breast Conditions Georgios Rossidis, MD
9:30 - 10:00 am	The Tweedledee of Novice Navigation Terri Acton RN, BSN, MS, BHCN, OCN, CMF, CGRA
10:00 - 10:15 am	Break
10:15 - 11:00 am	Managing the DoDo of Politics in Breast Care Mary Rivera, MSN, RN, AOCNS
11:00 - 11:45 am	The Tweedledum of Advanced Navigation Cathy Spagnoli, RN, MSHA, CBCN, ONN-CG
11:45 - 1:00 pm	Lunch – Tea Party Theme – Bring Your Best Hat!
1:00 - 1:30 pm	Caring for the Knaves of Caregiving Lisa Spencer M.Ed., BSRT(T), OPN-CG, CMF, BHCN
1:30 - 2:00 pm	Supporting the Red Queen of Stress Response Trish Tatrai, RN, MS, OCN, CBCN
2:00 - 2:30 pm	Being the Cheshire Cat of Sexuality Barbara Rabinowitz, PhD, MSW, FNCBC
2:30 - 2:45 pm	Break
2:45 - 3:45 pm	We Are All Mad Here! Nicole Centers, RN, BSN, MBA, OCN, CBCN, CN-BN Moderating with Trish Tatrai, RN, MS, OCN, CBCN; Danielle Brown, RN, MBA, BSN, OCN, CN-BN, ONN-CG ; Terri Acton RN, BSN, MS, BHCN, OCN, CMF, CGRA; Mary Rivera, MSN, RN, AOCNS; Lisa Spencer M.Ed., BSRT(T), OPN-CG, CMF, BHCN; Barbara Rabinowitz, PhD, MSW, FNCBC & Georgios Rossidis, MD
3:45 - 4:00 pm	Closing Comments and Questions
4:00 pm	Post-Conference Ends

The Multi-Dimensional Mammography Technologist

Chairs: Jean Weigert, MD & Kristi Denny, RT(R)(M)(BS), BHCN, CGRA

The Technologist Post-Conference will teach the skills necessary for Technologists of any experience level to understand the complicated diagnosis and treatment of breast disease. Technologists play an important role as imagers and so much more. Understanding the pathology, genetics and treatment options are key for interacting with patients in a professional but compassionate manner.

NCoBC2023

— 32nd Annual —
Interdisciplinary Breast Center Conference
March 24-28 • Paris Las Vegas, NV

Clinical Breast Assessment & High Risk Genetics Post-Conference

Clinical Breast Assessment and High-Risk Genetics: Fundamental Principles for Practice

Chairs: Andrea Kaster, MD, CBEC & Edie Smith, DNP, CNM, WHNP-BC, AGN-BC

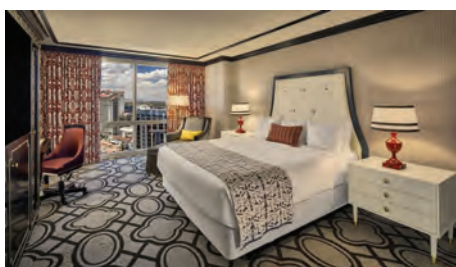

Clinical breast assessment and genetic risk assessment are core components of comprehensive breast care. In this combined post conference workshop, a multidisciplinary team of breast and genetics experts will cover foundational concepts in both areas of specialty practice and present updates on a variety of topics including: comprehensive clinical breast examination, evaluation of a breast mass, modifiable risk factors, use of models, a breast screening update, and care of special populations. In addition, experts will review both moderate- and high-penetrance genetic mutations from a guidelines perspective, dive into the psychological impact of a breast cancer diagnosis, review tumor genomics, and highlight personalized care using PRS. At the end of the session, attendees will have the opportunity to participate in interactive clinical case presentations with the panel of experts. This workshop will ensure that attendees leave with both a strong foundation in breast and genetics knowledge and possess new skills in delivering comprehensive breast care and genetic evaluation of the patients they serve.

March 28, 2023

Interdisciplinary Breast Center Conference

March 24-28 • Paris Las Vegas, NV

Cancer Genetic Risk Assessment Certification Exam

Tuesday or Wednesday March 28 - 29

Cancer Genetic Risk Assessment Certification: CGRA®

Genomic discoveries are increasingly being applied to the clinical care of the patient, particularly in the field of cancer genetic risk assessment.

There is a need for clinicians across the spectrum of practice to acquire knowledge and competency in identifying patients at risk for cancer, including hereditary risk factors as multiple genes can mediate cancer risk across multiple sites.

NCBC's Certification in Cancer Genetic Risk Assessment has been developed to provide the assurance that the certified individual possesses the knowledge, skills and competency to provide cancer risk assessment services to patients and families.

Preferred candidates are physicians, advanced practice nurses, physician assistants, registered nurses or other skilled practitioners seeking to demonstrate advanced knowledge of cancer genetics, cancer risk assessment with an emphasis on comprehensive breast cancer risk assessment within their respective scope of practice.

Certification Eligibility: The applicant must:

- Be a licensed or certified health care professional with practice focus in breast health care, oncology, cancer genetics or cancer risk assessment (MD, RN, NP, PA)
- Have completed relevant focused educational courses in cancer genetics, risk assessment
- Have 2 years of experience in the field of cancer care, including cancer screening, diagnosis, management, navigation
- Complete an application process

Cancer Genetic Risk Assessment Certification Exam is available Tuesday or Wednesday at these times:

9:00 am	Registration Begins
9:30 am	Tests Begin
12:30 pm	Testing Ends

For any questions regarding CGRA® certification please contact
Aerial Gilbert,
Certifications Manager NCBC
Aerial@breastcare.org

Breast Navigator Certification Exams Tuesday or Wednesday March 28-29

Breast Navigator Certification

The Breast Navigator Certification developed to set standards of achievement for the professional's role, enhance patient safety, improve the quality of care and delivery of services, and recognize professionals who advance beyond basic knowledge in a field of specialty. The Breast Navigator Certification validates the medical professional's knowledge and performance standards through testing. Certification reflects an individual's achievement beyond licensure requirements and a basic level of knowledge. It exhibits dedication to validating a specific set of skills to provide enhanced care and services for patients and clients through advanced competency.

Criteria for the application to test are listed below. The NCBC Breast Navigation Certification Program proudly offers three types of Breast Navigator Certifications: The Certified Navigator – Breast in Management and Advocate or the BHCN (Breast Health Clinical Navigator)

BHCN = Breast Health Clinical Navigator (All Licensed healthcare professionals (i.e., all nurses, all technologists) – this test was previously the CN-BN, CN-BI, CN-BP, and CN-BC)

CN-BM = Certified Navigator Breast Management (All Social Workers and Managers of Navigators)

CN-BA = Certified Navigator Breast Advocate (All Volunteer/Lay Navigators)

Certification Eligibility Requirements: The applicant must:

- Be a licensed medical professional and hold a valid medical license as a physician, nurse, physician assistant, social worker, radiologic technologist, radiology practitioner assistant, social worker, or advanced practice nurse OR
- Be master level prepared in a health related field; OR
- Be a lay or volunteer navigator and have taken a patient navigation course; AND
- Navigate breast patients for at least 25% of the applicants job responsibility OR
- Have supervision of breast patient navigators; AND
- Provide proof of valid license or certification (not required for those taking the Advocate examination); AND
- Pay the certification fee of \$295 registration

Certification Eligibility Recommendation but not a Requirement:

- The applicant applying for certification should have at least two years' experience of navigating breast patients. This recommendation is based upon the review of the experience levels of those sitting for the exam and their passing or not passing the examination.

As soon as a person successfully enrolls for the program, an informational hand book is emailed within 7 working days. The hand book does not contain all the material the applicant should review to prepare for the examinations. To prepare for the examinations the applicant should refresh him/herself on information received during their medical professional training. The hand book contains a list of resources from which questions/answers were validated.

CN-BA or CN-BM Exam: A passing score of 81% or better is required to become certified. If an individual does not pass the examination, he/she may sit for the examination again during the next 12 months with no additional fee.

BHCN Exam: A passing score of 75% or better is required to become certified. If an individual does not pass the examination he/she may sit for the examination again during the next 12 months with no additional fee.

Breast Navigator Certification Exam is available Tuesday or Wednesday at these times:

9:00 am	Registration Begins
9:30 am	Tests Begin
12:30 pm	Testing Ends

NCBC2023

— 32nd Annual —

Interdisciplinary Breast Center Conference

March 24-28 • Paris Las Vegas, NV

NCBC 2023

Administration Request for Support Letter

Dear Administration:

I would like to request the support for our hospital to attend the National Consortium of Breast Center Interdisciplinary Breast Center Conference, March 24-28, 2023.

This investment is invaluable, for my continued education and to our breast center, to remain on the cutting edge of our ever-changing specialty, and ultimately the patients we are committed too.

After reviewing the syllabus of the upcoming event, I have identified the following lectures/workshops that would be most valuable to me.

Please list the lecture titles/workshops of interest:

- _____
- _____
- _____

Please list others on your interdisciplinary team that should also be considered to attend the NCoBC 2023

- _____
- _____
- _____

About the NCBC:

This program's intent is to increase the quality of breast care provided to women across the globe through the interdisciplinary education of breast health professionals. Many breast healthcare practices are not standardized, and this conference provides a learning and networking environment enabling breast professionals to learn about genetics, risk, the latest treatments, technologies, procedures, become certified and sharpen their skills in detecting and treating breast cancer.

Cost to attend NCoBC 2023:

- Conference Registration: Member Price _____, Non-Member Price _____
- Pre/Post conference Price _____ Certification Exam Price _____
- Cost of housing through NCBC room block per night is a discounted room rate of \$170.00 per night plus tax and \$27 resort fee (Resort fee includes daily wireless internet for two devices in guest room, health club and pool access).
- Included: Up to 30 credit hours, breakfast symposia, lunches, breaks and receptions, Saturday through Monday, and networking with other breast cancer specialists and vendors.
