### **Reflect on a moment or event with Open Door that is memorable to you**

My favorite memories with Open Door are those times that we worked together as a well-functioning team, whether it was a potluck, a fundraiser, or classroom cleaning. I love to join together with like-minded people to serve our community!

### **Why would you recommend someone to be on Open Door staff**

I would recommend others to be on Open Door staff because it is a joy to help others to realize their dreams! Through our program, students build their confidence and many go on to get better jobs, higher education, or just move from being "outsiders" to "insiders" as they get more comfortable being part of this great and diverse American culture!
