STUDENT SPOTLIGHT : JOSE MATOS

Meet Jose. He comes to Open Door from Venezuela. Jose is a very motivated student. Not only has he taken several classes, but he has participated in several volunteer opportunities. Because of his motivation to learn and to give back, Jose's English is improving rapidly. Meet Jose's story.

Classes Taken with Open Door:

I started in January of 2023, and since coming, I have taken 3-4 classes every session, which has totaled 10 so far.

Memorable Moment

The first time I visited Open Door, it was to get information about learning English. I ended up signing up for four classes that session. I felt very motivated to start my journey of learning English.

Open Door Helped Me

Open Door has helped me realize that I can move towards my goals of learning English at a much faster pace than I thought. However, lots of practice and study are always needed. I have learned a lot of English and am able to carry a conversation with the community and in my job.

Advice for New Students

I would recommend to any student in Open Door to follow the teacher's instructions and to study as much as possible.
