

Advisory Board Member Spotlight

Memorable Moment

I have had several memorable experiences, but here is one that comes to mind. One day, while I was teaching, a student raised his hand and said, and I quote: "Teacher, when I started the first day of my class, on my way to school I was thinking 'I don't know why I enrolled myself in this program and this class as I already know everything. But, I realize that I was wrong because I actually don't know a lot of things and the class is very interesting and I felt great with everything I've learned in Social Studies. Thank you so much for being my teacher."

Advisory Board Outlook

Because of the many years of experiences as a teacher, I feel being a part of the Advisory Board would give me an even bigger opportunity to help students and the community improve their world of knowledge, which is our mission as members of the Open Door program.

Recommend to Serve on Advisory Board

I highly recommend to people who want to main the mission of keeping these high-quality standards of education to join the Open Door Advisory Board and to help Open Door keep improving. The Open Door program can give us many things. As the name itself tells us, "An open door to opportunities are infinite.

First Year Serving on Borad Yessy Cortes

Open Door in Three Words

- Opportunity
- Knowledge
- Personal and professional development
