

November - December **Staff Spotlight**

Teacher/staff: Barbara Ulrich
Served both as Director and Instructor of ESL and HSE

Barbara's Memorable Moment's with Open Door

There are way too many to list here. The December potluck is definitely one of my favorite events along with the HSE Graduation. However, I am touched the most when students reach out to me individually and share with me how Open Door has helped them with their real world goals. It is so rewarding to see how Open Door has helped our students on so many levels - personal, career, family, and above all with self esteem. I also have to reflect on the year 2021 when I had a severe accident which required me to be away from Open Door for six months. During that time, our staff and volunteers kept Open Door going strong during the pandemic and my absence. I always knew that our staff was very special, but during that year, it became evident.

Barbara has been dedicated to serving the Calvary Open Door ESL and HSE program since January 2015 over 7 years to date.

Calvary Open Door in Three Words

- Passionate
- Rewarding
- Inspirational

Recommend ESL / HSE Instructors

Someone who has a 'passion' to give back to the community and wants to use their talents to help bring about the mission and goals of Open Door. Our staff consists of several different positions: teachers, administrative, Testing Center, as well as our numerous volunteers. Open Door would not be what it is without all our wonderful staff and volunteers.
