*I have had the blessing of teaching ESL English classes at Open Door for 5 years now.*

### **Reflect on a moment or event with Open Door that is memorable to you**

To learn their stories and get to know them, to see them feel more confident communicating in a second language has been a delight. I have had students share that as their language skills have increased so have their work opportunities. The impact that this has had on their lives is significant. Many of my students are mothers who feel that they can communicate better with their children's teachers and medical professionals because of their improving English skills. I rejoice with them in their growing confidence.*
